

Dear Tennessee Bureau of Investigation, my name is William Eugene Parrott, I live at [REDACTED] with my wife Mona and two of our grandsons Austin and Aiden. The reason I'm writing this letter is because I am a targeted individual and as far as I know the only targeted individual that knows where there are millions of dollars of evidence to prove my accusations and several eye witnesses, and I need your help to get justice for what happened to me and to prove that the targeting of individuals across this nation and in other countries as well is real using extreme low frequency microwave technology. Also known as ELF. I put my story along with a few other victim's stories that I printed from the internet along with a few videos from you tube to show you that I'm not the only victim out here needing help in the package that I'm sending you. My mother and some of my other family members along with some of my friends was murdered with this program just to eliminate them because they were witnesses and to try to break me down mentally. I am a truck driver and have been since 1983 and would sincerely appreciate it if you would look at the evidence before you jump to conclusions thinking I'm a nut job and pull my commercial driver's license. My family depends on my pay check to survive. By working together, I truly believe we can prevent more mass shootings, because I know in my heart that this technology is the cause of 99 percent of all mass shootings. My phone number is [REDACTED] my e-mail is wmparrott8@gmail.com my blog is www.targetedindividualwilliam.com Sincerely, William Eugene Parrott [REDACTED]

SENDER: COMPLETE THIS SECTION

- Complete items 1, 2, and 3. Also complete item 4 if Restricted Delivery is desired.
- Print your name and address on the reverse so that we can return the card to you.
- Attach this card to the back of the mailpiece, or on the front if space permits.

1. Article Addressed to:

TENN Bureau Investigation
 Knoxville Consolidated
 Facility
 1791 Neals Commerce Lane
 Knoxville TN 37914

2. Article Number
